

WeIDRO BAGS

WATER-SOLUBLE AND BIODEGRADABLE BAGS

Water-soluble bags
WeIDRO BAGS
are essential in medical field for
collecting and transporting
clothing, avoiding the risk of
contamination for staff and
patients.

UTILITY

THE TOTALLY SOLUBLE AND BIODEGRADABLE BAGS ARE SUITABLE FOR USE IN HOSPITAL LAUNDRIES.

CONTAMINATED CLOTHINGS ARE PLACED IN THE BAG AND CLOSED WITH THE RED BAND.

DURING PRE-WASHING THE WATER-SOLUBLE BAND DISSOLVES IN COLD WATER FREEING THE CLOTHES, WHILE THE BAG DISSOLVES COMPLETELY IN HOT WATER DURING WASHING.

NOTES

THERE IS ALSO A WIDE RANGE OF BAGS WITH DIFFERENT CHARACTERISTICS DEPENDING ON THE USE.

BAGS SOLUBLE IN COLD AND HOT WATER FOR DIFFERENT USES: IN INDUSTRY AND CIVILIAN SECTORS FOR THE TEXTILE SECTOR, INDUSTRIAL LAUNDRIES, NURSING HOMES OR FOR DOMESTIC USE.
